

KEEP YOUR PRODUCTION MOVING & IMPROVING

FOR PROCESS MAINTENANCE AND UPGRADES, WE'RE BY YOUR SIDE

Tools

Does your workshop have the right tools you need to get the job done quickly and effectively?

Test Equipment & Calibration

Essential instruments for troubleshooting, and to help ensure processes are operating within specification. Our in-house calibration service provides confidence on new and existing equipment accuracy.

Stockee® Smart Shelf

Effectively manage fast moving inventory and tools lineside, reducing downtime and increasing productivity.

Sensors

Our market leading range of factory and process automation sensors and transducers includes presence, proximity, temperature, pressure, flow and more.

PLCs & Process Control

From logic controllers & HMIs to temperature control and signal conditioning we've got the product technology and brands to help keep your production line running 24/7.

Lighting

Save energy and reduce maintenance time with LED lighting. Our extensive range covers all aspects of external, internal and machine lighting.

Circuit Protection & Distribution

Power distribution and circuit protection are vital the safe and reliable operation of any manufacturing site.

Machinery Safety

Whatever the safety system is you are maintaining or improving we can help with the widest stocked range of machinery safety components in the market.

Control & Switchgear

Crucial components in any control system. Contactors, relays, MPCBs and pushbuttons are electrical components which can fail without obvious signs of wear, causing unforeseen downtime.

Cable & Connectors

Cables, wiring, connectors and cable management from the leading brands, meeting the needs of challenging environments.
